

Your complete brightening skin-care system

Reveal luminous skin and a healthy, balanced complexion with Sensé™ skin care latest additions!

Skin care for that radiant and confident look all day, every day.

Blanc Balance Brightening range is specially formulated to significantly improve the three core aspects of your skin's appearance – **texture, complexion and tone.**

Combine the **Blanc Balance Brightening** range to create a revitalised and radiant complexion that minimises discoloration, dark spots and fine lines.

Experience exceptional benefits to your skin's appearance, including:

- Brightening
- Evening of skin tone
- Firming
- Whitening
- Moisturising
- Nourishing

Blanc Balance Brightening Radiance Serum

This breakthrough serum is the perfect formulation to reveal luminous and radiant-looking skin, created to enhance skin tone and texture as well as significantly diminish the signs of ageing. **Brightening Radiance Serum** is infused with natural ingredients that boost the complexion, moisturise, firm and revitalise the skin, including antioxidant-rich extracts from grape fruit, green tea, coneflower and gotu-kola, soybean protein, olive leaf, licorice, red clover, and other potent ingredients. **Brightening Radiance Serum** is a core treatment for all skin types.

Brightening Radiance Serum comes in a pack of 14 tubes, providing a 4-week supply. Use every day in the morning and evening.

Item # 309

Blanc Balance Brightening Moisture Masque

Brightening Moisture Masque is an innovative treatment designed to complement and prolong the benefits of **Brightening Radiance Serum**. They work together to provide you with the best outcome for your skin, revealing even skin tone and younger-looking skin.

Brightening Moisture Masque comes in a pack of 8 individually sealed facial masques, providing a 4-week supply. Use twice a week for best results.

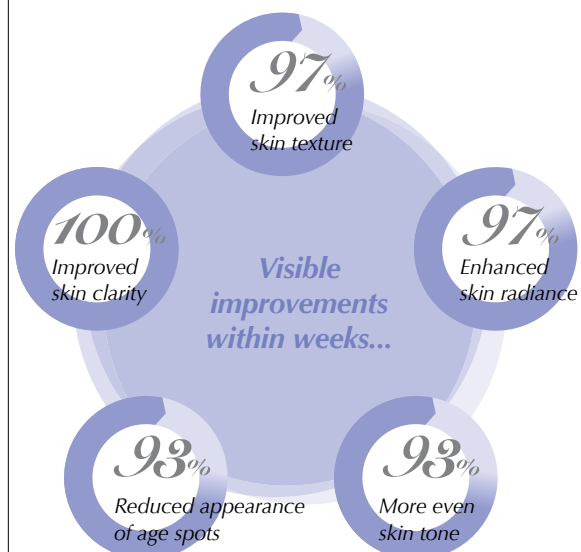

For best results, use the two products together continuously for 3 months.

Item # 310

Blanc Balance Skin Brightening Clinical Study Results

USANA conducted an 8-week clinical study on **Sensé Blanc Balance Brightening Radiance Serum**. All the women participants in the study, aged from 35 to 59 years, found noticeable improvements in their skin's appearance after using **Blanc Balance** skin brightening treatment.

Now that's beautiful science!
